Kevin Wong, DC has been in active practice since 1997 after graduating from Palmer West in San Jose, CA. He is a postgraduate faculty member for PCCW as well as a lecturer for the International Chiropractic Association of California. *Practical Spinal and Lower Extremity Analysis and Adjusting* will focus on information about the lower extremity that affects the rest of the body.

Corey Wallach, MD serves as the Medical Director for the Anderson Clinic Spine Center and INOVA Spine Institute at INOVA Alexandria and Mt. Vernon hospitals. He attended medical school at the University of California. He completed his residency at the University of Pittsburgh Medical Center. Dr. Wallach has been active in the development of the INOVA Spine Institute at both Alexandria and Mt. Vernon hospital and now serves as its medical director as well. The INOVA Spine Institute is comprised of a multidisciplinary team of physicians dedicated to all phases of spine care, ranging from conservative management to the most advanced surgical techniques. The Spine Institute’s goal is to optimize clinical outcomes and improve each patient’s experience.

Peter Meinhofer, DC has been in clinical practice for 12 years. He graduated with honors from New York Chiropractic College. He is a recognized expert in digital documentation and brings and enthusiasm for teaching his peers.
