About the Seminar

In this innovative course, two of the most renowned doctors of chiropractic will feature the proven, successful modalities and techniques they have garnered through over half a century of combined experience. These include but are not limited to Biomechanical Exams & X-Rays, low level laser therapy (3LT[®]), Custom Orthotics & Digital Scanning, MRI Scans, Structural Management Technique, Rehab, the Treatment of Spondylolysis and selected case presentations of sports related injuries. With the target patient being the sports professional, high school athlete or sports enthusiast, these applications and techniques can literally be applied to your standard daily office visit all together. Experts, Dr. Timothy Maggs & Dr. Terry Yochum, will deliver demos and treatment models in this action-packed 12 hour seminar that end with a grand finale of their Patient Programs and Muscle Management™ Programs you can integrate into your office immediately after the weekend.

About The Speakers

Dr. Tim Maggs – The past 10 years, Dr. Timothy Maggs has directed his energies to the care of the middle and high school athlete. His Concerned Parents of Young Athletes™ Program was designed to raise the awareness of sports biomechanics in the adolescent athletic population. Dr. Maggs now serves as the Director of Sports Injuries and Biomechanics at Christian Brothers Academy in Albany, New York. His goal is to create the model program at CBA as a guide for all other middle and high schools to follow. Dr. Maggs is now promoting his latest book, Fixing the HealthCare Crisis.

Dr. Terry Yochum – Dr. Yochum is a second-generation chiropractor and a cum laude graduate of the National College of Chiropractic, where he subsequently completed his radiology specialty. He is a Diplomate of the American Chiropractic Board of Radiology and served as its Vice-President and President for seven years (1983-1990). Dr. Yochum is currently Director of the Rocky Mountain Chiropractic Radiological Center in Denver, Colorado, and an Adjunct Professor of Radiology at the Southern California University of Health Sciences (formerly LACC). Dr. Yochum has presented over 1,200 lectures worldwide. He has had over 250 scientific articles published in both the chiropractic and medical literature. He was inducted into the National College of Chiropractic Hall of Honor, June 2010.
